## **PUBLIC HEARING**

### **1. Proposed Debt Financing**

Town Manager Shane Fox stated Town Staff, along with First Tryon Financial Advisors, propose the Town move forward with soliciting bids from financial institutions for an installment loan in the amount of approximately \$2.25M. The loan covers the cost of the Memorial Park Project, along with the purchase of two parcels of property, and much needed upgrades at Fire Station One. If the resolution is approved, staff along with First Tryon will begin the bid solicitation process. Once bids are received, staff will bring to the Town Council the results for consideration. If Council finds the bid process to be satisfactory and recommends a bidder for the installment loan, then staff will proceed with formal approval from the Local Government Commission.

This resolution does not approve the financing, but it authorizes making applications to the Local Government Commission and beginning the bid process as required and making certain findings that the Local Government Commission requires as part of the application process.

Mayor Sellers opened the public hearing.

Mayor Pro-tem Matheson asked for clarification if this was a ten (10)-year loan.

Manager Fox stated it would be and noted the first payment would not be due until 2026, which would be in the FY 26-27 budget. He further stated the town will have two major debts rolling off, the Fire Station and the Buxton Property which will free \$500,000 in funds for this loan which the estimated loan payment is \$225,000.

With no questions or comments from the public, Council Member Gherini made a motion to close the public hearing, seconded by Mayor Pro-Tem Matheson. Unanimously approved.

Council Member Perry made a motion to approved as presented, seconded by Council Member Pickett. Unanimously approved.

### **2. Loading Zones**

Town Manager Shane Fox explained during the Mid-year Retreat, Town Staff and the Town Council discussed the possibility of installing permanently marked loading zones within the Town, including Sunset Drive and Main Street. Town staff have identified two areas, one on Sunset Drive near the intersection of Maple Street and a second location on Main Street, in front of Memorial Park and the 1888 Museum. Staff would like to have a discussion and possible approval of permanent marked loading zone on Sunset and Main Street. Three

(3) parking spots will be eliminated on Main Street for the loading zone.

Council Member Harwood asked what steps would be taken towards future enforcement and taking steps to make business owners and their suppliers aware of this.

Manager Fox explained he and Chief Kirk have discussed starting with notifying the business owners, then the delivery truck drivers making sure they are aware of the designated areas. Manager Fox further explained if loading zones are not utilized a conversation of enforcement/fines can be had.

Mayor Pro-Tem Matheson felt the penalty piece really needed to be discussed at some point because without a penalty there is no real incentive to make drivers utilize the loading zones.

Manager Fox mentioned the hope was they would be encouraged to utilize the loading zone from a safety standpoint and felt communication would be the first step in the process.

Council Member Pickett asked if the handicap spot that will be lost due to the loading zone will be replaced in another location.

Manager Fox stated another spot close to the area can be designated a handicap space to replace the one eliminated.

Council Member Perry stated she remembered discussing at the retreat there were only a few businesses that had delivery trucks. She is on board with the loading zone on Sunset but has concerns about losing three (3) parking spots on Main Street as well as two (2) other spaces already being removed due to the Main Street paving making a total of five (5) spaces eliminated on Main Street.

Council Member Harwood made a motion to approve the loading zones as presented, seconded by Mayor Pro-tem Matheson. Unanimously approved.

### **3. Code of Conduct**

Town Manager Shane Fox reviewed during the Mid-Year Retreat a draft of a Code of Conduct for elected officials and appointed board members of the Town of Blowing Rock. The topic of the Code of Conduct began at the Winter Retreat and staff have worked diligently to draft a copy for review and possible adoption by the Council.

Council Member Pickett asked if any decision had been made as to how often signatures will be required for Council and board members.

Manager Fox thought a yearly refresher and signature would be sufficient and could be done when the board members are appointed in March.

Council Member Harwood had several changes and reviewed those with Manager Fox and Council.

Council Member Gherini made a motion to approve as amended and noted he appreciated all of Manager Fox's hard work he had put into this and thanked Council Member Harwood for his attention to detail on his corrections, seconded by Council Member Pickett. Unanimously approved.

Manager Fox asked when the Council would like to implement the Code of Ethics and Conduct.
